Nature Trek: Mound Survey

Saturday, June 24

9:00 a.m. - 3:00 p.m.

The most obvious evidence of the prehistoric past of the area is manifest by earthworks built for a variety of purposes. We will visit several earthworks located in the Lewistown-Havana area and discuss what we know about them.

Meet at Dickson Mounds. Participants will receive a field guide for the trip. Please dress appropriately for outdoor conditions. Participants will provide their own transportation and lunch. Free, donations appreciated.
